Hello Luis,

Meta Quest is holding a series of **60 minute** in-person sessions between **Wednesday, June 11th - Friday, June 13th**. We would like to do research and learn more about your user experience on Ray-Ban Meta. We value your input on how we can make it a better experience.

If you are selected and participate in a study session, you'll receive up to \$100 USD Meta e-Rewards redeemable for a selection of e-gift cards.

If you are interested in participating, please [click here](#) to complete a brief survey. Available times are located in the survey.

If you are not available/interested at this time, please [click here](#) to let us know you'd still like to be considered for future paid Meta Research opportunities.

Your participation in the survey is voluntary and you can terminate your participation at any time. Once you open the survey, you will be asked for your consent to participate in the survey. You can withdraw your consent at any time by contacting uxomcontact@meta.com.

You may have certain legal rights depending on the country in which you are located (including the right to access, rectification, portability, erasure, and consent withdrawal). If you have any questions about this survey or how you can exercise your data protection rights, please contact uxomcontact@meta.com.

If you are selected for the study, you will receive a follow-up call or email with more details.

Please don't hesitate to reply with any questions.

Thanks!

TyJanique | RL User Experience Research Team
